METEOROLOGIST VISITS BAIS YAAKOV

The **Third Grade** is learning about the many different varieties of weather. A highlight of this unit is a visit from a local meteorologist, **Mr. Bill Lerner**. Mr. Lerner shared first-hand experience on how the weather is predicted and why we need to take extreme weather conditions seriously. The girls had the opportunity to ask their weather-related questions. Thank you, Mr. Lerner, for sharing your expertise with our students.

KRIAH ICE CREAM PARLOR

Our **Third Grade** enjoyed their motivational *Kriah* event featuring an in-house **Kriah Cash Ice Cream Truck**. The students had a chance to spend their hard-earned *Kriah* Cash, which they earned by practicing their Hebrew reading, on assorted ice cream, toppings, and prizes. Thank you to **Miss Sarah Goodman** and the third-grade assistants, who transformed the room into an authentic ice cream truck experience. We also appreciate **Morah Malkey Adler**, our *Kriah* specialist, who reads with every student individually at least twice a week!

BAKING FOR TZEDAKAH

The students in **Morah Hindy Neumann's Fourth Grade** held a bake sale this past Tuesday to benefit **Ahavas Yisroel Charity Fund**. The girls prepared yummy pastries and baked goods with their *morah* and arranged the marketing and sale. It is always a highlight of the year that really allows the girls to shine as they perform the great *mitzva* of *Tzedakah*.

RAISING THE BAR – APPRECIATING TEACHERS

This past week was **National Teacher Appreciation Week**. Each day, the coordinators arranged a special treat for our amazing teachers and faculty to express our *hakoras hatov* for the excellence in *chinuch* they provide our students each day. The teachers enjoyed a Coffee Bar, Yogurt Bar, Salad Bar, Chocolate Bar, and ended the week with a delicious Kugel Bar. Our Bais Yaakov teachers are the best, Bar None!
