Dear Parents עמו"ש:

Once again, in order to ensure a smooth parent- school communication process, we are herewith providing a guide for whom to seek out with regard to any possible issues for which you need school assistance or intervention. (See attached.) Please call the office and request a call back from the designated individual. We respectfully request that you refrain from calling staff directly at home or on their cellphones – or texting or whatsapping, unless they have explicitly directed parents to do so. Please note, also, that school staff do not necessarily respond to emails, except where they have explicitly informed you or the students that this is an optional manner of communication.

Thank you very much for your attention and cooperation. We hope that all communications between parents and school will be productive and achieve positive results- and nachas! Thank you for your attention.

Truly yours,

Rabbi Yechezkel Zweig
Principal
